Appeals Process Information

For information on the appeal process pursuant to PRC §44307, you may contact Gene Blair at (661) 862-8729.

Permit Package Content

The purpose of the package is to obtain a Registration Permit for a Medium Volume Transfer/Processing Facility. The Bear Valley CSD Transfer Station was previously classified as an Enforcement Agency Notification, which could not exceed 15 tons of waste per day. By formally obtaining the Registration Permit, the Bear Valley CSD Transfer Station may receive up to 99 tons of waste per day. The Registration Permit Package includes a Completed Registration Permit Application and Facility Plan.
